Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on June 2, 2003 has been entered.

Allowable Subject Matter

Claims 8 to 17, 19 and 21 are allowed.

The following is an examiner's statement of reasons for allowance: The art of record does not teach or fairly suggest the thin ultra-low-carbon steel sheet having a composition, as claimed, having a homogeneous structure with equiaxed grains, a Lankford coefficient greater than 1.6 and a plane anisotropy coefficient close to 0; and its process of making comprising the steps of producing steel alloy, casting, hot rolling at a Temperature above Ar₃, coiling at >530 to 570C, cold rolling, continuously annealing at 640 to 670C, and rerolling to final sheet thickness for drawing. Applicant's declaration submitted June 2, 2003 is deemed persuasive because it establishes by comparative test data that steels containing N range of <0.006% and annealed at lower temperature (670C) are critical limitations in order to produce superior drawability characteristics, a grain index >10 and a plane anisotropy coefficient close to 0.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Deborah Yee whose telephone number is 571-272-1253. The examiner can normally be reached on Monday-Friday from 6:00 to 2:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Roy King can be reached on 571-272-1244. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
